

2026 MAG ANNUAL REPORT

MESSAGE FROM OUR CHAIR

As the Mountainland region dynamically evolves, MAG empowers our communities to adapt, thrive, and lead the way forward. From ensuring older adults can remain independent in their homes, to connecting communities with resources, supporting local businesses, and planning for growth, our work is ultimately about people and the places they call home.

None of this happens alone. It takes committed local leaders, dedicated staff, and strong regional partnerships. I am proud of what we have accomplished together and excited about what lies ahead. By working together, we can turn regional challenges into opportunities for a stronger future.

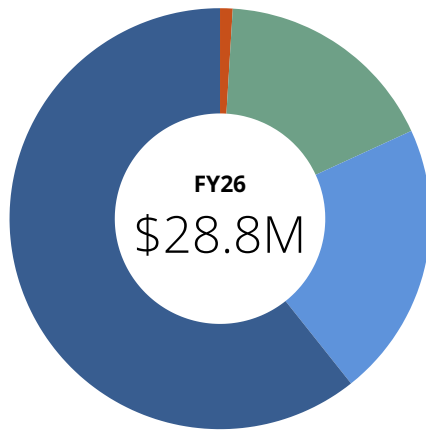

Mayor Matt McCormick of Kamas
MAG Executive Council Chair
