BUDGET MESSAGE

Members of Executive Council,

MAG enters Fiscal Year 2026 with cautious optimism. While we continue to navigate a dynamic funding environment, our organization remains committed to advancing the needs of our region through strategic planning, collaborative partnerships, and responsible financial stewardship.

Key highlights in this year's budget reflect meaningful developments. To keep pace with the rising cost of living, and in order to retain our highly talented staff, this budget proposes both a **2% COLA increase** and a modest performance-based **merit increase of up to 3%**. Local support for federally funded programs that require a local match has increased, demonstrating our region's continued investment in these critical services. Total budgeted **revenue has increased by 5.08% from FY25**, enabling MAG to maintain essential programs and services.

However, this positive growth is tempered by an ongoing uncertainty about the future of federal funding and a decrease in state funding—both of which we continue to monitor closely.

There are several reasons for optimism in FY26. In FY25, our successful fundraising efforts for the Meals on Wheels (MOW) 501(c)(3) **raised over \$700,000**—an incredible milestone that has expanded our financial resources and enabled us to serve more seniors. Despite this progress, the MOW waiting list continues to grow, underscoring the ongoing need for private fundraising and increased investment from state and federal dollars. Additionally, we have realized a **13.8% savings in employee healthcare costs** due to enhanced health plan offerings. These improvements bolster our operational efficiency and contribute to a more sustainable budget outlook.

Nevertheless, we approach FY26 with a clear understanding of the challenges ahead. The potential discontinuation of federal programs, combined with uncertainties surrounding reimbursement timelines from the U.S. Department of the Treasury, introduces financial risk. The administration's proposed federal budget places several of our key programs in jeopardy, and without a Continuing Resolution, Older Americans Act funding is set to expire on September 30. Funding levels at the state and federal level continue to place pressure on our ability to expand services and meet growing needs. MAG remains focused on fiscal responsibility, advocacy, and innovation. Our mission to support aging services, transportation planning, regional development, and economic growth remains unwavering. FY26 presents both opportunities and obstacles—but with the support of our local partners, stakeholders, and staff, we are confident in our ability to continue delivering high-impact programs that improve the lives of residents across our region.

Respectfully,

A handwritten signature in blue ink that reads "Michelle Carroll". The signature is fluid and cursive, with the first name "Michelle" and the last name "Carroll" clearly distinguishable.

IN-HOME AND COMMUNITY-BASED SERVICES & CAREGIVER SUPPORT

Keri Lloyd-Burton

In-Home & Community-
Based Services Manager

The In-Home and Community-Based Services Program supports low-income older adults by providing essential, personalized care—such as help with bathing, dressing, and other daily activities—so they can maintain independence and dignity at home. These services are critical in allowing seniors to age in place, avoiding costly and disruptive institutional care.

The National Caregiver Support Program (NCSP) connects caregivers of older adults, people with dementia or disabilities, and grandparents raising grandchildren with vital resources, education, and support services.

PROGRAM GOALS

- Increase the number of seniors receiving services in their homes.
- Expand the number of caregivers accessing our Caregiver Support groups.
- Grow the number of caregivers and other community members that access our educational classes and other educational opportunities.
- Increase client base in Summit and Wasatch counties.

MEALS ON WHEELS & SENIOR NUTRITION PROGRAM

Heather Dorius

Senior Nutrition
Program Manager

The MAG Meals on Wheels Program delivers healthy meals, promotes social interaction, connects individuals with community resources, and helps maintain independence, thereby potentially preventing or delaying negative health outcomes.

The program is facing significantly higher demand for both congregate and home-delivered meals in Utah County. To cover this increased cost, a 501c3 nonprofit organization was established and is actively participating in fundraising efforts to assist in meeting the demand.

PROGRAM GOALS

- Establish five new partnerships with local businesses to support meal delivery through volunteer time and/or financial contributions.
- Translate Meals on Wheels documents into Spanish.
- Increase fundraising by 25%.
- Reduce the home-delivered meals waiting list by 40% within 12 months by expanding fundraising initiatives and sustaining donor engagement.

AMERICORPS RETIRED & SENIOR VOLUNTEER PROGRAM

Essen Skabelund

RSVP & SHIP
Program Manager

The AmeriCorps Seniors Retired and Senior Volunteer Program (RSVP) pairs community members aged 55 and older with local organizations affecting positive community change through service.

AmeriCorps Seniors RSVP volunteers report better health and longevity as a result of providing service in their local communities.

PROGRAM GOALS

- Increase volunteer engagement among adults 55+ to develop their skills, enhance social connections, and foster a sense of purpose.
- Nurture relationships with regional partners in all three counties, focusing on building bridges to less-served demographics in our communities.
- Create opportunities to showcase our volunteer stations and services, increasing funding for our program in collaboration with our Advisory Council.

STATE HEALTH INSURANCE ASSISTANCE PROGRAM (SHIP)

Essen Skabelund

RSVP & SHIP
Program Manager

The State Health Insurance Assistance Program (SHIP) provides local, in-depth, and objective Medicare counseling and assistance to Medicare-eligible individuals, their families, and caregivers.

Our trained Medicare counselors offer free and unbiased one-on-one meetings to educate, counsel, and empower beneficiaries to navigate the complexities of Medicare and make informed benefits, cost-saving, and enrollment decisions. In addition to counseling, we provide education about fraud prevention and reporting.

PROGRAM GOALS

- Streamline program outreach, assistance, and accessibility to eligible Medicare beneficiaries, including increasing educational material distribution.
- Nurture relationships with regional partners in all three counties, focusing on building bridges to less-served demographics in our communities.
- Fine-tune our data tracking system to showcase our work.
- Create funding pathways for a second SHIP counselor or overlap period for new SHIP counselor onboarding for program sustainability.

LONG-TERM CARE OMBUDSMAN

Ann Humpherys

LTC Ombudsman Program
Manager

The Long-Term Care (LTC) Ombudsman Program advocates for the rights of individuals living in nursing homes and assisted living facilities.

Ombudsmen are certified by the state and are trained to investigate complaints and resolve problems, as well as provide information to the public about long-term care options. Their services are free and confidential.

PROGRAM GOALS

- Attend Resident Council meetings in long-term care facilities to empower residents to improve their facility communities.
- Continue efforts to recruit and certify five volunteers.
- Identify and track service gaps, and advocate through statewide data collection and storytelling.
- Increase community awareness of the LTC Ombudsman program.

COMMUNITY & ECONOMIC
DEVELOPMENT

COMMUNITY & ECONOMIC DEVELOPMENT DEPARTMENT

The Community and Economic Development (CED) Department works with member jurisdictions, nonprofit organizations, and citizens to build strong, sustainable communities. CED programs include a small business loan fund, home programs, Community Development Block Grant (CDBG) programs, Social Services Block Grants (SSBG), and economic development planning and coordination. As we continue to address service gaps in housing affordability, public services, infrastructure development, and local small business support, our goal this year will be to ensure the highest-quality program delivery to our communities.

ECONOMIC DEVELOPMENT

Karol Patterson

Economic Development
Specialist

The Mountainland Economic Development District (MEDD) advances economic growth and opportunity by fostering regional collaboration, preparing regional plans, and facilitating federal investments in our communities.

The Small Business Loan Program supports small businesses, expands economic opportunity, and creates permanent, long-term jobs within the region by providing gap and start-up financing to small businesses that are unable to obtain adequate bank funding.

PROGRAM GOALS

- Strengthen regional collaboration by hosting 4 regional economic development roundtables and 4 MEDD board meetings.
- Include funding opportunity information in MAG's monthly newsletter and assist communities with obtaining funding for economic development projects and initiatives.

PLANNING

PLANNING DEPARTMENT

MAG's Planning Department houses the Metropolitan Planning Organization (MPO) for Utah County and the Regional Planning Organization (RPO) for Summit and Wasatch Counties. It oversees transportation planning, air quality, policy, mapping, modeling, demographics, and community-requested studies. With a focus on data-driven, collaborative work, the department facilitates regional cooperation on transportation and land use. It includes three divisions: Transportation, Community Planning, and Analytics.

Percent of Overall
MAG Budget

DEPARTMENT GOALS

- Adopt a consensus-based set of regional policies and carry them out through plans, programs, and projects that address associated performance outcomes.
- Work with our member local governments and the state to implement an ideal roadway grid network.
- Enhance transportation data systems and share findings through digital reporting and data visualizations.
- Implement the Comprehensive Safety Action Plan by integrating safety improvements and speed management on arterials into the RTP and TIP.

FY26 EXPENSE BY TYPE

TRANSPORTATION DIVISION

New Employee

Transportation Manager

MAG's Planning Department includes the federally designated MPO for Utah County and the RPO for Summit and Wasatch Counties. The Transportation Division leads short- and long-range planning across the three-county region, including development of the Regional Transportation Plan (RTP), updated every four years to identify future road, transit, and active transportation needs.

The Division also manages the Transportation Improvement Program (TIP), which funds prioritized transportation projects over six years.

Other responsibilities include project support, technical assistance, and air quality analysis for both the RTP and TIP.

PROGRAM GOALS

- Deliver impactful regional plans, programs, and studies through effective administration, stakeholder engagement, and alignment with long-term priorities.
- Lead the 2027 Regional Transportation Plan with inclusive planning, data-driven analysis, and a long-term vision for mobility and growth.
- Ensure a timely, transparent update and adoption of the Transportation Improvement Program (TIP) to support strategic investments.

COMMUNITY PLANNING DIVISION

Dan Wayne

Community Planning
Manager

The Community Planning Division facilitates coordinated transportation and land use planning efforts across the three-county MAG region, consistent with the Wasatch Choice Vision and Regional Transportation Plan. The Technical Assistance to Governments (TAG) Program provides technical consultant services to local governments to address growth-related transportation and land use challenges. Projects can include community visioning efforts, small area plans, and first/last-mile connectivity studies.

The Station Area Plan (SAP) Program provides technical assistance to local governments to plan transit-oriented development around qualifying fixed-guideway transit stations, and also supports the SAP certification and reporting processes.

The Local Administrative Assistance (LAA) Program provides administrative guidance and expertise to cities and towns without a full-time city administrator. Common tasks include advising city and town leaders on strategic planning, personnel management, policy development, budgeting, reporting, and access to resources.

Lastly, the Community Planning Division supports region-wide planning efforts such as the Pre-Disaster Mitigation Plan.

PROGRAM GOALS

- Facilitate information exchange, coordination, and collaboration among local, regional, state, and federal partners to more effectively achieve common goals.
- Provide technical assistance to local governments for plans and studies that target local growth-related challenges, and that collectively support implementation of RTP goals and performance outcomes.
- Validate the need for and benefit of MAG's existing technical assistance programs and potential future programs.

ANALYTICS DIVISION

Tim Hereth

Analytics Manager

The Analytics Division oversees and promotes the innovation, access, and use of the organization's data, analytics, modeling, mapping, and associated web applications. Staff use sophisticated models to analyze and forecast current and future population, employment, land use, traffic, transit ridership, and active transportation data to better inform planning for our region. The models include but are not limited to the Travel Demand Model (TDM), the Real Estate Market Model (REMM), Socio-Economic (SE) Forecasting Spreadsheet model, and the Micromobility Toolset. Staff provide GIS resources to support the RTP, TIP, RPO, Technical Assistance to

Governments (TAG) program, Station Area Planning (SAP) program, website messaging, and other planning and mapping activities at MAG.

PROGRAM GOALS

- Continue to advance the capabilities of MAG's models and tools to drive innovation, support data-informed decision-making, and anticipate future regional needs.
- Develop innovative, timely, and high-quality data, maps, and applications that empower MAG and its member agencies to make informed, forward-looking decisions.
- Expand access to and enhance the usability of MAG's products—including data, maps, and models.
- Strengthen trust and transparency with our members and partners through consistent communication, demonstrated accountability, and collaborative engagement.

CAPITAL PROJECT BUDGET

MAG is planning to co-develop a new facility in partnership with Vineyard City. Our current building no longer meets the organization's needs. Consolidating operations from two separate locations into a single, modern facility will enhance internal efficiency and significantly improve public access to services.

The proposed budget allocates interest earnings and our building fund to cover construction and design costs. Design work is anticipated to begin in FY 2026, with construction scheduled to commence in FY 2027.

FINANCE/PURCHASING & PROCUREMENT

Through financial reporting, contract management, and IT management and support, Finance and Operations Services staff enable MAG's mission, vision, and values by providing dependable, responsive, efficient, and expert services to both internal and external stakeholders.

April Crane

Director of Finance
& Operations

PROGRAM GOALS

- Implement Pelorus accounting software and improve reporting capabilities.
- Provide real time information to Program Managers to make strategic spending decisions for their programs.
- Develop and implement new purchasing and procurement policies.
- Develop and implement new finance policies with improved internal controls.
- Implement all recommendations established in the FY24 financial audit.

HUMAN RESOURCES

Human Resources oversees recruitment, employee development, and retention, fostering a safe and inclusive workplace. It provides support to various departments, ensures compliance with employment policies, and promotes effective organizational operations.

Rebecca Owen

Human Resources
Manager

PROGRAM GOALS

- Review and update current MAG personnel policies & procedures.
- Update and implement performance management policy and process for staff.
- Develop employee recognition program.
- Analyze current benefits and make recommendations for cost savings.

PUBLIC AND GOVERNMENT RELATIONS

Johnathon Knapton

Director of Public &
Government Relations

The MAG External Affairs Department proactively achieves MAG's mandate of transparency through engagement with the public, elected officials at federal, state, and local levels, and other stakeholders. By fostering communication, the department helps create a local understanding of regional issues while bringing regional attention to the local issues of our municipalities. Public engagement increases awareness, participation in, and understanding of MAG's various programs and planning processes. Additionally, engagement with elected officials creates an understanding of the necessity of programs, initiatives, and projects facilitated by MAG while highlighting ongoing support requirements.

COMMUNICATIONS GOALS

- Fully implement MAG's Strategic Communication plan, and supplementary department-level communication plans.
- Craft clear and compelling communications that explain MAG's community impact.
- Create an understanding of the challenges of fiscal/funding uncertainty at the program level.
- Improve MAG's social media presence while developing accounts for the Meals on Wheels Summit, Utah, Wasatch nonprofit.

GOVERNMENT RELATIONS GOALS

- Develop and manage relationships with the public, elected officials, and media outlets to ensure MAG is well-represented and understood.
- Create legislative briefings and roundtables that take place during the Utah state legislative session.
- Ensure MAG's policy positions are understood by elected officials at all levels of government.
- Assist local and regional leaders in tracking and understanding legislation that will impact their constituents.
